## **Welcome To The Marian Catholic High School Football Program**

The current school year will be rapidly coming to a close, and soon you will be graduating from grammar school. You have recently made a very important decision in your life. You have chosen to continue and foster your educational growth by enrolling at **MARIAN CATHOLIC HIGH SCHOOL**. It will prove to be a very challenging decision, but one that is bountiful in its experiences and rewards. You and your parents are to be commended for your choice.

When registering for Marian Catholic High School, you indicated an interest in participation in the 2010 Football program. As you will find out early, Marian Catholic High School is rich in football tradition. The efforts were many, and the dedication was driven by team concepts - a true indication of the commitment of our young student - athletes. The 2010 campaign will be an exciting challenge brought about by the focus and determination of young men with similar aspirations to the ones that you will exhibit as you start your career at Marian Catholic High School.

The 2010 season should provide every bit as much competition and excitement as previous ones. It will be extra special for you and your parents, because it will mark the first time that you will compete as an athlete for Marian Catholic High School. A copy of the 2010 Marian Catholic High School Football schedule has been included for you to recognize the challenge ahead. Marian Catholic High School will once again play in the East Suburban Catholic Conference comprised of some of the best football playing schools in the State of Illinois.
